To Whom It May Concern:

Hobart UK has been using JC Couriers Ltd since July 2001 and has always been satisfied with the excellent quality of service provided by both office and driving staff. We understand their drivers have been cleared to work in sensitive areas and their attention to detail together with matters of security provides us, as their customer, with a high level of assurance. Their on-line booking systems allow us to operate very efficiently and obtain our own proof of deliveries.

Yours faithfully
